Lahore, Pakistan | Home Town: Yazman, Bahawalpur, Punjab

## PROFILE SUMMARY

B.S. Artificial Intelligence and Robotics student at The Islamia University of Bahawalpur, developing practical skills in Python programming, data analysis, machine learning, and full-stack application development. Familiar with NumPy, Pandas, Matplotlib, Scikit-learn, Streamlit, and Flask. Worked on a data analysis project and am developing KhataFlow, a shop-management application. Currently enrolled in AI Full Stack training at Nexskill, Arfa Software Technology Park, Lahore. Seeking opportunities to grow through projects and entry-level roles in AI, machine learning, data analysis, or Python development.

## CORE SKILLS

- Python Programming
- Data Analysis and Cleaning
- NumPy and Pandas
- Data Visualization with Matplotlib
- Machine Learning Fundamentals
- Scikit-learn
- Streamlit and Flask
- Generative AI and LLM Fundamentals
- Problem Solving
- Teamwork and Communication

## TECHNICAL TOOLS

**Programming:** Python
**Machine Learning:** Scikit-learn
**AI:** Generative AI, LLM concepts
**Data:** NumPy, Pandas, Matplotlib
**Application Development:** Streamlit, Flask
**Other:** GitHub, MS Office

## PROJECTS

**Data Analysis Project**

Completed a data analysis project using Python-based tools. Dataset, methods, and findings can be added once project details are confirmed.

GitHub profile: github.com/Umair104DB

**KhataFlow | Shop Management Application (In Progress)**

Developing a shop-management web application focused on inventory and business workflows using Flask and related web technologies.

Repository: Ali-Umair-Group

**AI Projects (In Progress)**

Building practical AI and application-development projects while strengthening machine-learning and generative-AI skills.

## EDUCATION

**B.S. Artificial Intelligence and Robotics** | Currently Studying

The Islamia University of Bahawalpur, Pakistan

**Intermediate** | 2021–2023

Rashid Minhas Higher Secondary School, Alipur | BISE Dera Ghazi Khan

**Matriculation** | 2019–2021

Unique Islamic Higher Secondary School, Yazman | BISE Bahawalpur

## TRAINING & CERTIFICATIONS

- AI Full Stack Training — Nexskill, Arfa Software Technology Park, Lahore (Currently Enrolled)
- MS Office Course — Inspire College, Yazman (2025)
- Graphic Design Diploma — Superior College, Yazman (2023)

## ADDITIONAL EXPERIENCE

**Freelance Graphic Designer | Self-Employed**

Designed social media posts, flyers, business cards, and promotional banners using Canva for LinkedIn clients; communicated with clients and delivered design work within deadlines.
